i20 Active

The perfect species for the urban jungle.

The New i20 Active's unique crossover design sets it apart from the rest of the i20 Range. With rugged good looks highlighted by skid plates, protective cladding and a higher ground clearance – this model comes ready for adventure. The characteristic crossover stance comes from revised suspension settings that increase its ground clearance by 20 mm compared to the i20 5-door – also giving you a higher seating position.

Rugged design accents.

The New i20 Active shows its adventurous spirit with an eye-catching range of bold exterior design elements like skid plates, circular fog lamps and matte black protective cladding.

Rugged front skid plate and circular fog lamps

New rear bumper and tailgate design

Front headlamps with LED light signature
New rear lamps available in full LED

Silver roof rails and two-tone roof
Matte black protective cladding and side skirts

Sporty interior meets sophisticated technologies.

Now smarter and safer with a wide range of advanced safety equipment, the New i20 Active has also been updated with the latest in smartphone connectivity. You can even personalise the cabin with a choice of interior style elements and colours. The new Blue Point interior pattern with eye-catching accent stitching give the interior an even more distinctive, sporty look.

The choice is yours. Follow your brain and go for the perfect package.

So now you have time to think about it. Their good looks will have heads turning – but it's also the combination of sophisticated technologies and seamless connectivity that makes the Hyundai i20 Range a perfect choice – no matter which style you choose.

We like to think it's a no-brainer, but don't take our word for it, just stop by your local Hyundai dealership for a test drive and experience the difference yourself. Or visit our website and explore the possibilities online.
