

The all-new i10

Go big and beautiful.

All flowing lines and muscular contrasts, the all-new i10's dynamic new look catches the eye in an instant. Featuring a lower roof and wider body, its lively design is like nothing else in the class. Inspired by the shape of human muscles clothed in athletic sportswear, the clean, smoothly muscled main body has been shaped to provide maximum inner space. And in the front, the dynamic headlamps and sculpted bumper underscore the bold stance to make a powerfully modern statement.

Go ahead. Make a big statement.

In life, it's the small things that make a big difference. Like the all-new Hyundai i10. With its fresh and expressive design and gigantic selection of cutting-edge technology – it's a clever companion that gives you the style and flexibility you need to Go Big.

#HyundaiGoBig

Precision roominess.

Inside the stylish new cabin, precise patterns, fresh textures and the latest multi-media technology welcome you with a clean and modern look. Inspired by the sharp technical graphics of athletic gear, soft surfaces and sharp lines abound inside the all-new i10. An eye-catching new 3D honeycomb pattern is featured on the dashboard and door panels for a sporty edge throughout the cockpit. The circular air-vents visually extend the dashboard into the door trim for a wider, more spacious feeling.

Experience class-leading connectivity.

The all-new i10 offers you the most comprehensive connectivity in its class. The new 8" touch-screen mirrors the contents of your smartphone thanks to Apple CarPlay™ and Android Auto™. When equipped with the navigation system, a free five-year subscription to Hyundai's LIVE Services is included.

Charge your smartphone the easy way. The wireless charging tray conveniently located in the centre console lets you easily charge a compatible Qi-enabled smartphone without the use of cables. USB slots are also on board.

Clever details for more convenience.

Super storage

From the open compartment above the glove box to larger storage bins in the doors – the all-new i10 comes with plenty of practical and convenient storage spaces to fit your busy life.

Versatile load space

One of the biggest in the segment, the 252-litre boot is also very adaptable. The two-stage luggage board maximises space in the lower position, the upper position creates a level loading area for long items. And the one-hand folding split rear seats drop down quickly for 1050 litres of cargo space.

Rear view camera

Reversing made easy. The rear view camera system gives you an unobstructed look behind your i10 while in reverse gear.

Four or five seats? Your choice.

Featuring more room for passengers than you would expect from a car this size, this compact space wonder fits everything your city life can throw at it. The all-new i10 is available with four or five seats. Thanks to longer wheelbase than its predecessor, the i10 offers plenty roominess for both front and rear passengers.

Technology for safety and peace of mind.

The all-new i10 offers one of the most comprehensive active safety technology packages in its class, which includes Hyundai SmartSense – our cutting-edge Advanced Driver Assistance Systems – built to provide you with more safety and peace of mind. E-call is also on board as standard equipment. This feature automatically calls emergency services if you're in an accident and the airbags deploy. You can also push the SOS button for emergency assistance 24/7, 365 days a year.

Drivetrain technology.

Automated Manual Transmission

The five-gear automated manual transmission (AMT) combines easy and relaxed driving like an automatic transmission with higher efficiency thanks to its lighter weight and reduced friction compared to a traditional automatic transmission.

Manual Transmission

The smooth-shifting 5-speed manual transmission is designed for fast, precise gearshifts.

Speed

Energyflow

Energy Regeneration System

More energy for better fuel efficiency. The all-new Hyundai i10 is equipped with an intelligent Energy Regeneration System (ERS), which captures the kinetic energy created by forward motion and uses it to power your car. As soon as you take your foot off the accelerator and coast in gear,

the system transforms kinetic energy into electricity and stores it in the battery. When accelerating, ERS then uses this electricity to power the on-board electrical systems, easing the load on the motor and increasing fuel efficiency.

Hyundai SmartSense

Lane Keeping Assist (LKA)

The Lane Keeping Assist (LKA) uses the front multi-function camera to monitor the lines of the road. In case of an unintended lane departure, it warns you and can apply counter steering torque to guide the car back to the lane.

Forward Collision-Avoidance Assist (FCA)

Sensing the road ahead with the multi-function camera, FCA warns you and then automatically brakes when it detects sudden braking by a car ahead. Includes pedestrian detection.

High Beam Assist (HBA)

Less stress and maximum visibility. HBA not only detects oncoming vehicles but also vehicles in the same lane ahead and switches to low-beam as appropriate.

Leading Vehicle Departure Alert (LVDA)

This clever feature for city driving alerts the driver when the vehicle in front departs from an idle state, like at a stoplight or in a traffic jam.

Driver Attention Warning (DAW)

When a pattern of fatigue or distraction is identified, the system gets your attention with an alert and pop-up message suggesting a break.

Intelligent Speed Limit Warning (ISLW)

Recognizes road speed signs and displays the speed limit in real time in both the navigation system display and instrument cluster.

Personalise your perfect version.

With 10 exterior colours and a two-tone roof available in black or red to choose from – you can personalise your own distinctive look with 22 colour combinations.

Polar White body colour is available as a two-tone version with the roof in Phantom Black or Tomato Red.

Phantom Black body colour is available as a two-tone version with the roof in Tomato Red.

Star Dust body colour is available as a two-tone version with the roof in Tomato Red.

Sleek Silver body colour is available as a two-tone version with the roof in Phantom Black.

Champion Blue body colour is available as a two-tone version with the roof in Phantom Black.

Tomato Red body colour is available as a two-tone version with the roof in Phantom Black.

Slate Blue body colour is available as a two-tone version with the roof in Phantom Black.

Dragon Red body colour is available as a two-tone version with the roof in Phantom Black.

Brass body colour is available as a two-tone version with the roof in Phantom Black or Tomato Red.

Aqua Turquoise body colour is available as a two-tone version with the roof in Phantom Black.

Find your favourite.
