

# The all-new i20 N

# Dedicated to the thrill of driving.

Inspired by the championship-winning i20 Coupe WRC rally car, the all-new i20 N has been created to bring racetrack performance into your life – and more adrenaline into your drive. Just like the other high-performance Hyundai N models, it has been created for maximum driving fun thanks to its blistering engine performance and dynamic technology innovations. So no matter if you want to take it around town or around the track – this intense combination of sizzling performance and head-turning motorsport design is dedicated to the pure, unadulterated thrill of driving. And just like the i20 Coupe WRC, this racetrack capable hot hatch has one of the best power-to-weight ratios in its class – which when combined with its high-performance 204 PS turbo engine – delivers impressive acceleration and flat power.

# High-performance for maximum fun.

The all-new i20 N has been meticulously engineered to get your heart pumping faster. Step on the accelerator and you'll feel – and hear – its motorsports roots instantly. Powered by a 204 PS 1.6-litre turbocharged GDi engine coupled with a specially refined and reinforced six-speed manual transmission – you'll love the instant feedback you get from its high responsiveness and impressive flat power for more torque and power at lower RPMs. This lets you utilise more of the engine's potential in everyday driving situations – which, put simply: means more thrills per kilometre. Built to perform – the all-new i20 N goes from 0-100 km/h in just 6.2 seconds with a top speed of 230 km/h. Combine that with features like the N Corner Carving Differential – which delivers maximum power and grip to the road while increasing carving feel and maximum speed in the curves – and you get performance that is guaranteed to put a smile on your face.

The bespoke 18-inch alloy wheels with a grey matte finish and N-branded brake callipers highlight the all-new i20 N's high-performance credentials. They are paired with Pirelli P-Zero ultra-high-performance tyres, which sport the initials "HN" to indicate that they have been specially developed for Hyundai N.

The N steering wheel puts all the driving performance features right at your fingertips. Choose your drive mode or activate rev matching for more fun at the push of a button. The N gearshift is perfect for enthusiast drivers who love to operate a crisp shifter and a tight clutch. It features the N-badge and Performance Blue accent stitching..

# Performance cockpit.

The all-new i20 N's high-performance cockpit is as much about control as it is about comfort. The ergonomics are completely driver-focused – you have everything in view and at your fingertips from the dedicated sport seats with their integrated headrest. Stay in control with the N steering wheel's performance perforated leather finish and easily-reachable controls. Access your favourite functionality via the dedicated N key that you can program according to your wishes. The sporty character of the interior is further strengthened by high-quality materials, N metal pedals, and the Performance Blue accent stitching that can be found throughout. And to help you monitor and improve your driving performance, the Performance Driving Data System allows you to display track data on the optimally positioned 10.25" touch screen. Featured driving data includes: HP, torque, turbo boost and G-force as well as a lap and acceleration timer.

## Specifications

### ENGINE - 1.6T-GDI Turbo 204 PS Smart Stream EURO 6D

Maximum Power	204bhp / 5,500 -6,000 rpm
Maximum Torque	275Nm / 1,750 - 4,500 rpm
0-100 km/h (sec)	6.7
Top speed (km/h)	230
Emissions WLTP	158 (g/km) Annual Road Tax €63

Dealer stamp

**5** YEAR  
**Unlimited**  
Mileage Warranty

**6d** Future Proof  
with all models

The Hyundai 5-Year Unlimited Mileage Warranty applies only to Hyundai vehicles that have been originally sold by an authorized Hyundai dealer to an end-customer, as set out in the terms and conditions of the warranty booklet.
